## Introduction: The 90-Day System

This is not just a list of ideas; it is a strategic engine designed to take you from inconsistent posting to predictable growth. Over the next 90 days, you will transition from "What should I post today?" to executing a streamlined, high-impact content strategy. This system relies on three core components: defining your pillars, rotating your content types, and repurposing your assets. By the end of this quarter, you will have built a library of 90 distinct pieces of content that work together to build authority, trust, and revenue.

## Section 1: The Pillar Framework

Before writing a single caption, you must define your three to five content pillars. Pillars are the broad topics that define your brand's voice and value proposition. They ensure consistency and prevent scope creep.

**\*\*How to Choose Your 3-5 Pillars:\*\***

- \*\*Pillar 1: The Expert (Education):\*\*** What specific problem does your brand solve? What are the three biggest misconceptions in your industry?
- \*\*Pillar 2: The Human (Personal/Behind-the-Scenes):\*\*** Why do you do this? What is your morning routine? What is your biggest failure? This builds parasocial relationships.
- \*\*Pillar 3: The Proof (Social Proof/Results):\*\*** Show the results. Case studies, testimonials, before-and-afters, and client wins.
- \*\*Pillar 4: The Culture (Values/Opinions):\*\*** What do you believe in? What are you against? This filters for the right audience and repels the wrong one.

5. **Pillar 5: The Offer (Promotional):** Direct calls to action, product launches, or service explanations.

**Action Step:** Write down your 3-5 pillars below. For every week in this calendar, ensure you hit at least one post from each pillar.

## Section 2: Posting Frequency & Platform Strategy

Consistency beats intensity. Pick a frequency you can sustain for 90 days, not just 9.

| Platform | Recommended Frequency | Best Content Type | Ideal Time (General) |

| :--- | :--- | :--- | :--- |

| **Instagram** | 4-5 Reels + 2 Carousels/Week | Visual, Storytelling, Quick Tips | 11 AM - 1 PM Local |

| **LinkedIn** | 3-4 Text/Document Posts/Week | Thought Leadership, Personal Stories | 8 AM - 10 AM

Local |

| **Twitter/X** | 1-2 Daily Threads/Posts | Hot Takes, Quick Tips, Engagement | 12 PM - 2 PM Local |

| **TikTok** | 5-7 Short-Form Videos/Week | Raw, Trending, Educational | 6 PM - 9 PM Local |

**The Rule of Thumb:** Create for one platform, adapt for others. Do not create unique content for

four platforms simultaneously. You will burn out.

## Section 3: The Content Type Rotation (4-3-2-1 Rule)

To maintain audience interest, rotate your content types using this ratio per week:

- \* **4 Educational Posts:** Teach something. Give them a tool, a framework, or a "how-to."
- \* **3 Entertainment/Relatable Posts:** Meme, trend, or light humor related to your niche. Low barrier to entry.
- \* **2 Personal/Story Posts:** Share a lesson learned, a failure, or a day in the life.
- \* **1 Promotional Post:** Hard sell or soft sell. Link in bio. CTA to book a call.

## Section 4: The 90-Day Topic Calendar

**Instructions:** Fill in the blanks. Replace `[BRAND]`, `[NICHE]`, and `[AUDIENCE]` with your
