How to Define Your 4 Core Content Pillars

Before you touch a single template, you must anchor your strategy in four distinct pillars. This framework ensures you never run out of ideas and that every post serves a strategic purpose. Do not

pick more than four; specificity drives clarity.

****1. The Educational Pillar (The "How-To")****

This is your trust builder. These posts solve specific, painful problems for your target audience. They demonstrate expertise without asking for a sale.

- * **Action:** List 10 questions your clients ask you daily. These are your top-tier educational topics.

- * **Example:** If you are a fitness coach, "3 Mistakes to Avoid When Doing Deadlifts."

****2. The Personal/Connection Pillar (The "Who")****

People buy from people, not logos. This pillar humanizes your brand. It shares your story, your failures, your daily routine, or your values.

- * **Action:** Identify 5 "behind-the-scenes" moments in your typical week.

- * **Example:** "Why I quit my corporate job to start this agency" or "My morning routine for high-energy days."

****3. The Proof/Social Proof Pillar (The "Result")****

This pillar removes risk from the buyer's perspective. It includes testimonials, case studies, before-and-afters, and direct evidence of results.

- * **Action:** Gather 5 strongest testimonials or success stories from your last 90 days.

- * **Example:** "How [Client Name] increased revenue by 40% in 30 days using [Strategy]."

****4. The Promotional Pillar (The "Ask")****

This is where you sell. But note: only 10-20% of your content should be purely promotional. This pillar announces launches, discounts, or new services.

- * **Action:** Define your current primary offer and its key benefit.
- * **Example:** "Doors open in 24 hours: The [Product Name] Masterclass."

Platform-Specific Posting Frequency Guide

Consistency beats intensity. Do not try to post daily on all four platforms. Use this frequency guide to maintain visibility without burning out.

Platform	Recommended Frequency	Best Time to Post (General)	Primary Goal
:---	:---	:---	:---
Instagram	3-5 Reels + 1 Carousel/Static per week	Mid-week (Tue-Thu), 11 AM - 2 PM	Brand Awareness & Community
LinkedIn	3-5 Text-Heavy Posts per week	Mon-Wed, 8 AM - 10 AM	Authority & Lead Generation
Twitter (X)	1-2 Threads + 3-5 Short Tweets daily	Morning & Evening peaks	Conversation & Networking
TikTok	1-3 Short-Form Videos daily	Consistent daily timing (e.g., 6 PM)	Viral Reach & Top-of-Funnel

****Note:**** If you are a solo creator, prioritize ****one**** platform as your "Home Base" (where you convert) and use the others for distribution.

The 4-3-3 Content Type Rotation Table

To keep your feed balanced, use this rotation table for every 10-posts cycle. This ensures you don't

become a "hard sell" account or a boring "info-dump" account.
